To our Valued Clients and Business Partners,

We are extremely pleased to announce the merger of American Duplicating Products with Docutrend Imaging Solutions, one of the region’s premier document technology and office imaging companies. All maintenance, lease and rental agreements will now be fulfilled by the same staff of professionals you’ve come to know over the years but now under the guidance of Docutrend’s executive team.

American Duplicating Products enjoyed 50+ years of success in the local area. Founded by Ken Borow in 1964, our company grew and flourished. In order to take our organization to the next level, we vetted out numerous organizations and selected Docutrend as the best fit. They are an organization very focused on helping businesses control their printing and document costs through innovative solutions. Our existing staff has joined the newly merged organization and will continue to provide the excellent level of service and support our customers have come to expect.

Docutrend began its development in 2002 and currently has locations in New York, New Jersey and Pennsylvania. Growth is a part of their culture and with their growth will come the availability of more professional talent to serve their deserving customers.

Thank you for your continued business and we look forward to our ongoing relationship. We will be reaching out to you over the coming weeks to schedule account reviews to make sure that this transition process happens as seamlessly as possible. As always, our goal is to help make you more successful and we look forward to hearing from you. Please feel free to contact us with any questions. We can be reached at 856-662-1200.

Sincerely,

Ken Borow
